

GOAL: INVITE 1.5 MILLION MORE PEOPLE TO MEET JESUS IN INDIA

The Indian government is at war with Christianity.

Multiple laws, titled “religious freedom laws”, forbid conversions to another faith unless it is to Hinduism. But it goes beyond the law. India’s government allows, protects, and even encourages violence against you. Certain political parties have groups that seek out Christians in order to harm them.

Our brothers and sisters in India know this all too well. We receive weekly reports of people beaten, dragged out of church, or even killed for worshipping Jesus. Unfortunately, we have had several evangelists killed.

The Pocket Testament League has four partners who, in the face of death, have organized believers to reach millions of people for Jesus in India by leading with the Word of God. Since 2019, 9.2 million people have been given the opportunity to meet Jesus.

Our Gospels are in every language in the Northern half of India, where most of the unreached people groups are located. We work largely in Northern and Eastern India. Partners empower and equip churches, ministries, and pastors to selflessly share the Gospel, even in the face of persecution and sometimes death. For their own safety, we protect their identities.

Our goal is to invite one and a half million people in India to meet Jesus by September 2025, and we only need a \$300,000 to do it! All funds are for the direct cost of printing, shipping, and sharing Gospels of John in the field.

How can this be so cost effective? The Pocket Testament League has been mobilizing and equipping Christians to Read, Carry, and Share® the Word of God since 1893. Through our network of volunteers, we are able to largely eliminate program costs and direct all funding for the direct cost of printing, shipping, and sharing Gospels of John in the field.

A grant of \$50,000 would result in 250,000 people being invited to meet Jesus.

STRATEGIC PARTNERS

PTL is strategically focused on keeping an influence in India and working with our Partners to provide as many Gospels as possible each year without drawing attention from a government that could shut us down.

Due to the sensitive nature of Gospel work in India, it's important we keep the identities of our Strategic Partners on the ground anonymous.
